

Steve Mariash Starter Pistol Program

Just before Steve, a WWII Veteran and 40 year OHSAA Track Official passed away at the age of 91 on November 21st 2014 he donated his collection of starter pistols to the GYTOA. We believe it was his desire that these pistols be used to help others learn the art of starting. In his memory the GYTOA has set up the "Steve Mariash Starter Pistol Program" to provide new or experienced officials a starter pistol to use while they learn the position of starter and decide if they want to invest in the equipment needed to work as a starter on regular biases. Below are the details and a contract for this program.

This program is limited to those members of the GYTOA who are in good standing at the time of the loan. A \$25 dollar donation to the GYTOA will be required to rent the starter pistol and holster for a period up to 60 days. The \$25 donation will go to ensuring this program and the items can be properly maintained. In addition the GYTOA will hold a check in the amount of \$100 to partly cover the cost of replacing/repairing the items if they are not returned or are returned with damage that is not consistent with normal use. This check will be held by the secretary or treasurer and will not be deposited unless deemed necessary, the check will be returned to the member if all conditions are met. If the items loaned are not returned by the agreed upon date the official in question will become "a member not in good standing" and will be suspended from the GYTOA pending the collection of a \$150 fine or the return of the items in proper condition.

All returned checks will result in a \$30 fine in addition to any other monies owed.
